

MCCOY LIMITED CHURCH

By I. B. Hunting

To the right is a photo of a McCoy limited Church piece. It is a very desirable piece but also not an easy find.

The two images below are original design sketch concepts. The one on the left notes are: "Dry Brush Green Over White" by the roof and "Sand Colored Body" at the bottom. The note on the sketch to the right by the doors is: "Add detail to mold (carve out?)" A colored version of this article will be dropped on web site.

To the right is a McCoy Limited catalog page with the Church piece pictured in the row of Christmas trees. Catalog number designation is "14M".
